Using the Color Wheel for Oil Painting. Keep this wheel handy when you ' re working on your oil painting to remind you which colors mix to make other colors and which hues are complementary. Mix the two colors on either side of the color you want to make that color. To make tints, you make pure versions of basic hues and then add white to them.

Oil/Acrylic Painting Techniques and Color Theory - Udemy
In oil painting, the dark shadows, or dark portions of the picture, are painted thinly, while the lights are hud on, or "impasted," with a full pencil and a stiff color. In the lights of the foreground, and of parts not intended to be remote or to "retire," the impasting should be bold and free : while in the more brilliant lights it cannot well be too solid.
