I purchased the "101 Things I Learned in Architecture School" and after 10 minutes of reading, I conclude that this is a funny and by far the best architecture book – ever, this is a book that students of architecture will want to keep in the studio and in their backpacks. It is also a book they may want to keep out of view of their professors, for it expresses in clear and simple language things that tend to be murky and abstruse in the classroom.
