Basic Algebra - A Simple Introduction to Algebra (examples ...

R can make graphs. The following is a very simple example: `1 > x = rnorm(100) 2 > plot(x)` In the first line, 100 random numbers are assigned to the variable x, which becomes a vector by this operation. In the second line, all these values are plotted in the plots window. `ToDo Plot 100 normal random numbers. 4 Help and documentation`
