Empirical abortion research is shaped by the stigma, attitudes, and beliefs surrounding abortion experiences; requiring management of complex ethical and methodological issues. There is an inherent tension in conducting abortion research: (i) navigating secrecy to recruit participants who have terminated a pregnancy and are willing to reveal this information, while (ii) maintaining and ...

Map: A Look At The States That Have Passed Early Abortion ...

Abortion is the termination of pregnancy by the removal or expulsion from the uterus of a fetus or embryo before viability. An abortion can occur spontaneously, in which case it is often called a miscarriage, or it can be purposely induced. The term abortion most commonly refers to the induced abortion of a human pregnancy.
