- Wikipedia

Acceptance like the first two books in the Southern Reach trilogy is surreal and environmental; Area X invades and alters everything it touches. I was not however as wowed by the language, nor did I become as immersed in the narrative as in Annihilation.

Acceptance also lacks Authority's intrigue and creep factor. It reads more as a formulaic (though unusual) multi-point narrative.

trilogy that further
cements the whole
point of the series.

The characters, all
amazingly deep and
so very human, reach
their own conclusions
in this storyline. Area
X reaches no such
ending, and it's
doubtful it ever will.
And that's a good
thing.
