ADVANCED PROBLEMS AND SOLUTIONS

As a consequence I did find myself having to constantly refer to other calculus texts to get an understanding of what Kaplan was explaining. As a resource for learning Advanced Calculus and gaining insight I find it useless, though it is quite useful as a reference.

"Buck's text is a classic and a gem of an advanced calculus text. In recent decades there has been a proliferation of Real Analysis/Advanced Calculus texts but Buck's text is unique in the combination of its perspicuity of exposition and the way it is able to communicate very abstract ideas in unusually concrete, computational, and intuitive terms.
