practices are relevant to a broad spectrum of personnel involved in aviation. This cost effective eLearning training course provides an introduction to ETOPS and familiarity with the implications.

ETOPS Airbus Documentary -Time Flies

The European Aviation Safety Agency (EASA) has approved the A330-900 for ETOPS (Extended-range Twin engine aircraft Operations) 'beyond 180 minutes' diversion time. This significant achievement means that operators of the A330neo, which is powered by Rolls-Royce Trent 7000 engines, will benefit from the most efficient, reliable and direct long-range routings.

A320 Type Rating | ETOPS

The US Federal Aviation Administration (FAA) has approved the Airbus A350-900 for ETOPS (Extended-range Twin engine aircraft Operations) 'beyond 180 minutes' diversion time. This approval means that when the first FAA-affiliated operators start to take delivery of their A350s in 2017 they will be able to serve new direct non-limiting routings, compared with a standard 180 minute ETOPS diversion time.*
