Introduction. The Supreme Court of the United States, sometimes abbreviated SCOTUS, is a one-of-a-kind institution. While a look at the Supreme Court typically focuses on the nine justices themselves, they represent only the top layer of an entire branch of government that includes many administrators, lawyers, and assistants who contribute to and help run the overall judicial system.

Introduction. Under the Articles of Confederation, there was no national judiciary. The U.S. Constitution changed that, but its Article III, which addresses "the judicial power of the United States," is the shortest and least detailed of the three articles that created the branches of government. It calls for the creation of "one supreme Court" and establishes the Court's jurisdiction ...

In a later section of the chapter, we discuss the lower courts and the movement of cases through the dual court system to the U.S. Supreme Court. But first, to better understand how the dual court system operates, we consider the types of cases state and local courts handle and the types for which the federal system is better designed.
