Start studying An Introduction to Formal Logic. Learn vocabulary, terms, and more with flashcards, games, and other study tools.

## **An Introduction to Formal Logic by Peter Smith**

What is logic? Logic is the business of evaluating arguments, sorting good ones from bad ones. In everyday language, we sometimes use the word 'argument' to refer to bel-ligerent shouting matches. If you and a friend have an argument in this sense, things are not going well between the two of you.
