The Hardest Logic Puzzle Ever is a logic puzzle so called by American philosopher and logician George Boolos and published in The Harvard Review of Philosophy in 1996. Boolos' article includes multiple ways of solving the problem. A translation in Italian was published earlier in the newspaper La Repubblica, under the title L'indovinello più difficile del mondo.

Solved: Problem 16-40 (LO. 4) George Sold Land To An Unrel ...

Answers. Surely George Washington was able to convince them that Freedom was/is worth the price. Bear in mind, also, Washington had to fight his "rag tag government", (I use that loosely), to give him more money to continue the fight, even though some were skeptical about victory. He did receive the additional funds.
