"Cracking The AP Biology Exam" by The Princeton Review is the perfect book to accompany your class notes when studying towards the AP Biology exam.

AP Biology - Ms. Martel

Biology, while super informative and exciting to science junkies, can be a little dry. It can also be pretty intimidating. However, we're going to look at the light side: biology jokes! We definitely need to insert humor into biology. However, not literally into our biology. That could be painful. Or gassy. We've scoured the web ...

Ap Biology 9th Edition Campbell Textbook

For non-majors biology courses. Develop and Practice Science Literacy Skills . Teach students to view their world using scientific reasoning with Campbell Essential Biology. The authors' approach equips your students to become better informed citizens, relate concepts from class to their everyday lives, and understand and apply real data, making biology relevant and meaningful to their world ...
