Political orders fall. Nexus-driven revolution is in here. Against this backdrop, a new breed of post-human children are growing into their powers. And a once-dead scientist, driven mad by her torture, is closing in on her plans to seize planet ' s electronic systems, and re-forge everything in her image. A new Apex species is here.

Apex eBook by Ramez Naam - 9780857664020 | Rakuten Kobo

The narrator's performance was good. The problem with the book is there are so many characters with no development at the beginning and through the first half of the book is hard to really get into the story. There is a good ending to the book but you have to really work to get to it.
