## **Creating a Qt Widget Based Application | Qt Creator Manual**

**History. Development of what would eventually become Qt Creator had begun by 2007 or earlier under transitional names Workbench and later Project Greenhouse. It debuted during the later part of the Qt 4 era, starting with the release of Qt Creator, version 1.0 in March 2009 and subsequently bundled with Qt 4.5 in SDK 2009.3.. This was at a time when the standalone Qt Designer application was ...**

**Qt Creator to cross compile - Embedded Linux Edit: Some people started to mark my question as a duplicate. Do not forget that many similar questions existed when I asked this one (see e.g. the list below). However, none of these answers solved my problem. After a long search I found a comment which had been ignored by all users pointing to the missing lib. Now, many months later, the comment has been changed to an answer.**
