Although this program is free, you'll need to be an Amazon Prime member to take advantage of it. If you're not a member you can sign up for a free trial of Amazon Prime or wait until they offer free subscriptions, which they do from time to time for special groups of people like moms or students.

The Trauma Center at JRI
Currently, Kati manages the trauma and bereavement services for a child mental health charity in Bedfordshire. Kati became the first licensed ARC trainer outside of the United States in May 2016 and has been busy with a number of ARC-based projects since then. She has trained and implemented the ARC model in two private foster care agencies.

The Attachment, Self-Regulation and Competency (ARC) Model
Discusses the Attachment, Self-Regulation, and Competency (ARC) model, a flexible intervention for children with complex trauma. This webinar describes how the intervention can address a continuum of exposures, including ongoing exposure, as well as how the intervention addresses individual, familial, and systemic needs and strengths.

Research – ARC Framework
ARC for Individual Providers What is a Provider? There are many different kinds of providers, or helping professionals, who have been trained in ARC. We consider a provider to be any individual who is working to support a child, adolescent, family, or system.

A.R.C. Model
Because foster parents play a critical role in supporting children in foster care, who often have experienced trauma, the Casey Foundation developed ARC Reflections, a nine-session program that child welfare agencies can use to train foster parents to better care for children who have had traumatic experiences.

ARC Framework – Attachment, Regulation and Competency
The Attachment, Self-Regulation, and Competency (ARC) framework (Kinniburgh & Blaustein, 2005; Blaustein & Kinniburgh, 2010) is a core-components treatment model developed to provide a guiding framework for thoughtful clinical intervention with youth who have experienced complex trauma and their caregiving systems.
