Arguing about Disability: Philosophical Perspectives ...
Arguing about Disability fills that gap by offering analysis and debate concerning the moral nature of institutions, policy and practice, and their significance for disabled people and society. This pioneering collection is divided into three sections covering definitions and theories of disability; disabled people in society and applied ethics.

Arguing about Disability : Philosophical Perspectives
Thinking clearly about disability can advance philosophy as a whole, by identifying and correcting such biases. This helps ensure both the neutrality and the generality of philosophical views. What philosophy has therefore considered most important about people with disabilities is the test posed by their differences.
