to end when AT&T moves on from 3G which is expected to be around 2020-2021.

Does the AT&T MicroCell Still Work?

Re: How do I Get a Microcell @lizdance40 - I think we should be a little more clearer about which phones are WiFi-C capable because the MicroCell/WiFi-C questions are going to become more common and quite often I found that while folks may read, they seem to stop when they see a model number and not read the qualifiers.
