Advanced Trauma Life Support - American College of Surgeons

Membership in the American College of Surgeons (ACS) is an integral part of your profession. Whether you're still in training, or at the peak of your career, our top priority is providing value for you, our members—at every step.

Advanced trauma life support (ATLS®): the ninth edition.

The Advanced Trauma Life Support (ATLS®) course is an American College of Surgeons programme developed by clinicians and educators to teach the principles of early trauma management. It is an intensive course intended to teach a simple, systematic approach to the management of trauma patients through interactive tutorials, skills teaching and simulated patient management scenarios.

About Advanced Trauma Life Support - American College of ...

Advanced Trauma Life Support® (ATLS®) The Advanced Trauma Life Support® (ATLS®) program can teach you a systematic, concise approach to the care of a trauma patient. ATLS was developed by the American College of Surgeons (ACS) Committee on Trauma (COT) and was first introduced in the US and abroad in 1980.

Provider Course Calendar : Advanced Trauma Life Support ...

The Advanced Trauma Life Support (ATLS) Course arose from the zeal and passion of a small group of surgeons intent on improving patient care. In 1976, when orthopedic surgeon Dr. James Styner encountered a woefully inadequate response to the needs of his children injured in a light plane crash in rural Nebraska, he was compelled to take action.
