Amazon.com: The Back of the Napkin (Expanded Edition ...

A back-of-the-envelope calculation is a rough calculation, typically jotted down on any available scrap of paper such as an envelope. It is more than a guess but less than an accurate calculation or mathematical proof. The defining characteristic of back-of-the-envelope calculations is the use of simplified assumptions. A similar phrase in the U.S. is "back of a napkin", also used in the ...

The Back of the Napkin (Expanded Edition): Solving ...

The napkin is a living document, just like a will (you should have one of those too). As you work on your project, your circumstances might change (for example, you might add a person to your team, or take on some funding). Come back to your napkin each time this happens, and make sure it still reflects what everyone wants.

Back of the envelope - Idioms by The Free Dictionary

A back-of-the-napkin idea is a concept that is normally created on the spur of the moment and is quickly captured by jotting down a few quick notes on the back of whatever type of paper happens to be available at the time. The term itself is indicative of how an idea may occur while dining with ...
