[HOONIGAN] DT 177: Introducing ScumBug our \$2500 Baja Bug
This is the quintessential manual for building a Baja Bug! Although written in 1983, Author Jeff Hibbard's book still remains the best place to start for the aspiring Baja Bug builder or off road racer. This book details the innerworkings of the VW Beetle and outlines the strengths of each make of Beetle.

Baja Bugs and Buggies: VW-Based Cars for Off-Road Fun and ...

Baja Bugs. In some cases, Baja Bug converters remove the torsion bars entirely and replace them with multiple coil-over systems, an aftermarket item that combines both the spring and shock absorber in one adjustable unit. The result of these modifications is a vehicle that allows the wheels to travel vertically 20 inches (50 cm) or more at each end.

The Baja Bug has its origins in southern California. It was an inexpensive answer to the successful sand rail or dune buggies. It was Gary Emory who created the first vehicle back in 1968.

TheSamba.com :: VW Classifieds - Vehicles - Off Road

Enter the Baja bug. Never mind that I knew little to nothing about VW Beetles, and even less about Baja bugs. I was inspired. I sold the boat, and immediately drove an hour north to look at a bug I found on Craigslist. For the price, it had a lot of things I wanted, and a lot of things I figured I could easily change.

Specialized Suspensions: The Baja Bug | HowStuffWorks

Baja Bugs originated in Southern California in the late 1960s as an inexpensive answer to the successful Volkswagen-based dune buggies of the mid-1960s, especially the Meyers Manx. The building of the first Baja Bug is generally credited to Gary Emory of Parts Obsolete, circa 1968.

VW Baja Bugs and Buggies Manual | 11-0205

The easiest Beetles to turn into baja bugs are 1967s and 1968s. That is because they came with 12 volt electrical systems and swing arm rear suspensions. Prior to 1967 Beetles came with 6 volt electrical systems which inhibit performance. After 1968 they came with independent rear suspensions that don't easily accept the large tires required for off road and sand use. Do not use with a Beetle with an automatic stick shift.
