Science & Environment - BBC News

Directed by Emma Jay. With Paul Nurse, Robert Bindaschadler, James Delingpole, Jonathan Jones. Nobel Prize winner Sir Paul Nurse examines why science appears to be under attack, and why public trust in key scientific theories has been eroded.

Science Under Attack BBC Documentary

We're big fans of *Horizon*, BBC's iconic popular science documentary series, whose claims to fame include pitting science against God and illuminating how music works. Their latest installment deals with one of the most fundamental questions of human existence: *What Is Reality?* — an inquiry so deep and complex it has occupied the seemingly insufficient minds of brilliant scientists and ...

What Is Reality? A BBC Horizon Documentary – Brain Pickings

TV BBC TV's venerable science flagship, Horizon, has had a rough ride as it tries to gain a new audience. It's been accused of "dumbing down". That's nothing new - it's a criticism often leveled at it during its 42 year life. But instead of re-examing its approach, the series' producers have taken the bold step of abandoning science altogether.

Null points for BBC Horizon's junk science • The Register

Horizon is BBC Two's science programme which tells amazing science stories, explores mysteries and taps into unknown worlds. They tackle everything from historical tales of space exploration to online dating. But it is their latest episode which has got the nation talking.
