Rail transport (also known as train transport) is a means of transferring passengers and goods on wheeled vehicles running on rails, which are located on tracks. In contrast to road transport, where the vehicles run on a prepared flat surface, rail vehicles (rolling stock) are directionally guided by the tracks on which they run. Tracks usually consist of steel rails, installed on sleepers (ties ...

Rail transport - Wikipedia

The rail trail runs from Jersey Shore to Stokesdale which is a length of approximately 62 miles. The hard packed stone makes for a fairly easy ride or hike, and the trail has a small grade, around 2%. The Pine Creek Rail Trail is a fun family day hike or bike ride, and good exercise for all ages.
