Bellman & Black is a heart-thumpingly perfect ghost story, beautifully and irresistibly written, its ratcheting tension exquisitely calibrated line by line. Its hero is William Bellman, who, as a boy of 11, killed a shiny black rook with a catapult, and who grew up to be someone, his neighbours think, who "could go to the good or the bad."

As I mentioned in my Hallowe'en/ Samhain post, I have been reading Bellman & Black, by Diane Setterfield. I anticipated enjoying this book greatly, based on my experience of The Thirteenth Tale. Unfortunately, that anticipation was misplaced. In most book reviews, I hesitate to give away too much, but in this instance it doesn't make...

"Bellman and Black basically has one story throughout the entire book. Only one character is thoroughly developed in "Bellman and Black". With only one character developed this lends to only one point of view. There is a lot of detail regarding the work that Bellman oversees. I suspect that will bore quite a few people.

### **'Bellman & Black,' by Diane Setterfield - The Washington Post**

Bellman kept offering Black money but money is of no importance to Black. Black thinks Bellman is a tragic tale, a human who tried desperately to be without Thought or Memory. Black was trying to get Bellman to face life, so Bellman's guilt, grief and pain could fly away from the fields of his heart, taking (most of) the darkness with them ...

### **Bellman & Black by Diane Setterfield - Books Reading Order**

Bellman & Black is all about consequences. In the story, young William Bellman does something cruel that follows him and affects everything else in his life. The book was interesting and tragic, and is a good reminder that thought for consequences should come before action.
