and health systems seeking to implement best practices to improve operations and patient outcomes.

## Best Practices for Cardiovascular Disease Prevention Programs

Last month, the SCAI released their expert consensus paper codifying the best practices in the cardiac catheterization lab.(1) This is the second iteration of this document(2) and it is a must-read for all those working and running cath labs. I was excited to review the content and hope to share my enthusiasm with all who work in the cath lab.
