Big Data Demystified - YouTube  
Big Data Demystified does a great job  
of describing the landscape of big  
data, how to think about creating  
teams and projects, and how to  
maximize the value of those projects.  
It is a great primer for those who have  
heard the hype of big data and want  
to understand what it all means,  
without getting into the technical  
details.
