My roommate is taking her ACS Biochemistry exam in a few days. She has no idea what she should study or what she should look for to help her study. She has googled everything she can think of and either you have to pay for an online study guide or there is nothing available. Does anyone have any ideas that can help her out? She would really appreciate it.

Biochemistry - Videos & Lessons | Study.com

This book is a excellent review of concepts before taking a biochem class, touching broadly on all

Access PDF Biochemistry Helpful Guide

biochem subjects, not going into great detail. This will probably help the learner to absorb more when taking the actual biochem class. I enjoyed the chemical structures included and real life examples which made the material relatable.
