A Complete List of Homonyms

Homonyms are two or more words that have the same sound or spelling but differ in meaning. Homophones—which means "same sounds" in Latin—are two or more words, such as knew and new or meat and meet, that are pronounced the same but differ in meaning, origin, and often spelling. Homographs, meanwhile, are words that have the same spelling but differ in origin, meaning, and sometimes ...

200 Homonyms, Homophones, and Homographs

Homonyms, broadly defined, are words that are spelled the same and pronounced the same as each other, and yet have different meanings. The category is somewhat subjective because words sometimes have related meanings that differ only very slightly. Some authors use the term more broadly, to refer to homographs (words spelled the same as each other but pronounced differently) and homophones ...
