Child Process Level in hierarchical style. Expanded Subprocess inherits Process (Pool) of collapsed Subprocess at Parent Level. A Call Activity is a call to a reusable ...

BPMN Training and Certification - BPMessentials

The Method and Style approach allows BPMN models to be shared across the business, or between business and IT, revealing the process logic consistently and unambiguously from the diagram alone. The second half of the book, the BPMN Implementer's Guide, is addressed to developers and BPMN tool vendors.

Method and Style Evolution. While these Method and Style pillars remain intact, the new edition reflects two years' evolution of both the methodology and style through repeated interaction with students in my BPMN training. For example, the Method's High-Level Map has evolved to better align with business process architecture.

BPMN Method and Style 2nd Edition - BPMessentials.com

In this webinar we walk through the basics of BPMN Method and Style using the Trisotech tool, and you'll see how it reveals the process logic clearly and completely from the printed diagrams alone.

BPMN Method and Style certification demonstrates mastery of BPMN, not only the ability to understand the notation but the ability to create process models following the Method and Style principles and approach. Post-class certification is included with the training; there is no extra cost, and only students who have taken the training are eligible for certification.

BPMN 2.0 Method & Style - Your Learning Resource for BPM

BPMN Method and Style includes post-class certification, based on successful completion of two steps: an online exam and a mail-in exercise personally reviewed by Bruce Silver. If the exercise is not perfect, it must be fixed and resubmitted until it is. Students have use of the tool for 60 days in order to complete the certification.

Level 3, or executable BPMN, is brand new in BPMN 2.0. Here the XML underneath the diagram shapes can be deployed to a process engine to actually execute the model. The method and style recommended by the book aligns these three levels, facilitating business-IT collaboration throughout the process lifecycle.
