British Standard BS 9999:2017 has been revised for 2017 ...

BS 9999 has in part superseded BS 5588, the only parts of which are still current are those that relate to residential properties. BS 9999 has to be applied in its entirety, you cannot dip into it for piecemeal solutions. Although some fire safety knowledge is required, BS 9999 could be a useful tool for many designers.

BS 9999:2008 - BSI Group

Whilst primarily intended for designers, fire engineers and fire safety managers, it is expected that BS 9999 will also be of use to: Specifiers, contractors, site supervisors and site safety officers; Owners, tenants, occupants, facility managers, safety officers and security staff; Regulators ...
