Hoffmann Architects, Inc. | Building Enclosure Commissioning

The following excerpt from CSA S478-95 Guidelines on Durability in Buildings outlines the benefits of a maintenance program. "For given materials and constructions exposed to identical loads, the design service lives for similar buildings are adjusted depending on the amount and nature of maintenance that the owners commit to carry out during the lives of the completed buildings."

Building Envelope: A Maintenance Checklist - Facilities ...

A loose building envelope allows more of a natural air transfer to occur, which improves indoor air quality which can remove the need for mechanical ventilation. These types of building envelopes make the building more drafty and uncomfortable, it also makes the building harder to regulate temperature levels.
