Business Intelligence For Dummies

Business intelligence process creates an environment for better decision-making. To make successful business decisions, you need to gain insight in business intelligence, follow the main steps of the key performance indicators (KPI) cycle, find the best source to store and process operational data, and assess and use standard business intelligence applications.

Business Intelligence For Dummies - SAP BI Books

We were not running the business like a dot-com.” In 2006, as part of a pivot away from one-off consulting gigs, SRC released software to let

customers do the number-crunching themselves. They named the software Alteryx, a nerdy joke for changing two variables simultaneously: “Alter Y, X.” Stoecker made Alteryx the company name, too, in 2010.
