imageRUNNER 2200 - Canon

I like the guide, nice! Just to add a comment, not that i always want to, but when i am in question i hook up my laptop with a crossover cable, change my ip address to say whatever your copier ip is say 192.168.1.100 you make your computer 192.168.1.99. then restart the copier and then go to the command prompt and ping the copier.
