Gender norms are part of the weave of social life, embedded in institutions as well as individual lives. Change in gender norms can come from many sources. Norms of gender inequality have proved difficult to shift. But norms of gender equality also exist, and social research shows that new possibilities for change open up all the time.

Gender and Science | United Nations Educational ...

Gender equality cannot be achieved without the involvement of men and boys. Change is slowly taking place, and men are increasingly working alongside women to support gender equality and the empowerment of women and girls. Today, it is widely recognized that improving women's status and advancing their rights yields benefits for whole societies, not just women and girls.

Changing Subjects Gender Nation And

Changing Subjects Gender Nation And For the most part, men and women offer similar views of the impact of changing gender roles on society, but there are striking gender differences among parents of children younger than 18 when it comes to the impact of these changes on raising children: 45% of mothers say they have made
