apply this character style to text formatted with any paragraph style, with any character attributes, and All Caps will be applied. This means you can have a single character style for Bold text, for example.

InDesign: Paragraph vs. Character Styles

Paragraph styles affect entire paragraphs of text, whilst character styles affect individual characters or selected areas of text. For example, you may want to apply a paragraph style to a block of text and make it Times New Roman, but within it there need to be a couple of bold words. These would have a 'bold' character style applied to them.
