*Chemistry Survival Guide*

*on. The first Study Guide worksheet for each chapter reviews vocabulary. Subsequent worksheets closely follow the organization of the textbook, providing review items for each textbook section and references to specific content. Students will find the Study Guide worksheets helpful for previewing or reviewing chapter material.*

*General Chemistry II (CHEM 1412) — HCC Learning Web*

*Nuclear Chemistry (AP) FAQ. Q: How do I identify the type of a nuclear reaction? A: First of all, you need to identify the particle (alpha, beta, gamma, positron, proton, neutron, electron). Capture is when the particle is added to the main atom in order to make it split (a reactant). Emission is when the split produces the particle (a product).*
