lists primarily free Kindle books but also has free Nook books as well. There's a new book listed at least once a day, but often times there are many listed in one day, and you can download one or all of them.

Chemistry

The alkali metals consist of the chemical elements lithium (Li), sodium (Na), potassium (K), rubidium (Rb), caesium (Cs), and francium (Fr).

Together with hydrogen they comprise group 1, which lies in the s-block of the periodic table. All alkali metals have their outermost electron in an s-orbital: this shared electron configuration results in their having very similar characteristic properties.
