Trusted, innovative, and calibrated, the text increases conceptual understanding and student success in general chemistry by building on the expertise of the dynamic author team of leading researchers and award-winning professors.

Chemistry: The Central Science (12th Edition) PDF
This text book was the most through chemistry book I have ever used. It gives examples of how to do almost every calculation that you need for the AP exam at the end of the year, and goes through them with you step by step, then proceeding to give you problems to work out on your own, and allowing you to check your work with the selected answers in the back.
