LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Cooking with Chef Watson, IBM's Artificial-Intelligence App

Watson helped her expand her repertoire into Asian-style dishes featuring flavors like ginger and star anise. Chefs Hite and Watson even created some crawfish deviled eggs together. "Watson pushes you to be more creative," says Hite. Cognitive computing applications like Chef Watson process information more like a human than a computer.
