GUIDE TO THE CONSTELLATIONS

Orion, the Hunter, is a constellation lying on the celestial equator. It is one of the

Download Free Constellations Guide

brightest and best known constellations in the sky. It is also one of the few constellations known since ancient times. Early Greek writers such as Homer and Hesiod made references to Orion in

player damage bonuses.

Electricity Provider & Gas Supplier | Constellation

Constellations are usually based on asterisms, which are chance groupings of stars in the sky

Download Free Constellations Guide

that resemble familiar patterns. Some constellations contain asterisms within them. For example, the Big Dipper is an asterism located within the constellation Ursa Major. The constellations

Download Free Constellations Guide

are actually
much larger than
the asterisms
they contain.
