Chapter 12 Study guide Flashcards | Quizlet
One in every 10 patients admitted to six Massachusetts community hospitals suffered serious and avoidable medication mistakes. This has created a new urgency for all hospitals in the state to install computerized physician order entry (CPOE). At BIDMC, we implemented CPOE in 2001 and have not had a handwritten order in most areas, except for the 2 days of our network outage in 2002.

recording

Cpoe Physician Training Guide 12

We maintain our position that medical staff
must have at least a certain level of medical
training in order to execute the related CDS
for a CPOE order entry. We defer to the
provider to determine the proper
credentialing, training, and duties of the
medical staff entering the orders as long as
they fit within the guidelines we have
proscribed.
