website. This site features a massive library hosting over 50,000 free eBooks in ePu, HTML, Kindle and other simple text formats. What's interesting is that this site is built to facilitate creation and sharing of e-books online for free, so there is no registration required and no fees.

Data Runner - Chapter 1 - Wattpad

In the not-too-distant future, in what was once the old City of New York, megacorporations have taken over everything. Now even the internet is owned, and the only way to transmit sensitive information is by a network of highly skilled couriers called “data runners” who run it over the sneakernet.

DataRunners

Data Runner presented an interesting concept because it's set in a future where megacorporations have taken over the nation and own everything, even the Internet, so the only safe way to transmit information is in the bodies of couriers called "data runners".

Cloud Dataflow Runner

Data Raven works best, though, on R&D, often being enough to convince the runner to start checking other places first. At best, Data Raven + Scorched Earth will win you the game, and at it's worst, it's still a huge tax. (Not to mention the synergy it has when installed with a Universal Connectivity Fee backing it up. 6 Dec 2014

Data Runner (Data Runner #1) by Sam A. Patel

Read Book Data Runner

Data Runner is an interesting and novel prediction of the future of data. The premise that no electronic data is secure on the web sets up a society in which to secure privacy is to physically control storage and transport. From that backdrop the characters are well developed and the story-line is well written.

Looping through a data file in the Postman Collection Runner

Anyhow, Data Runner is a dystopian science-fiction thriller not too far into the future. I enjoy dystopian novels, but am beginning to find them somewhat repetitive in that they're not offering anything new.

Data I/O - Revolutionary Programming Technology

DataRunner will retrieve data from many common fitness devices including: Garmin, Polar, Timex, and many others. DataRunner will store/process the data in a standard XML format called: Fitness Markup Language (FML).

The Google Cloud Dataflow Runner uses the Cloud Dataflow managed service.

When you run your pipeline with the Cloud Dataflow service, the runner uploads your executable code and dependencies to a Google Cloud Storage bucket and creates a Cloud Dataflow job, which executes your pipeline on managed resources in Google Cloud Platform.
