The deadly results of official apathy are outlined in the Global Burden of Disease 2017 report on the impact of air pollution on deaths, disease burden, and life expectancy across the states of ...

Death in the Air - Kate Winkler Dawson

DEATH IN THE AIR is best when presenting the terrible environmental chaos caused by the smog and its far-reaching implications for science and ecology. Christie’s story is fascinating true crime, but Dawson struggles to relate it to the more compelling account she is telling about the too-often forgotten deadly fog.

Death in the Air: Globalism, Terrorism & Toxic Warfare by ...

Death in the Air is a factual retelling of the Great Smog of 1952 in London as well as of John Reginald Christie, who murdered at least six women, some of them during that time. The Great Smog descended on London for five days, killing around 12,000 people. The effects of that fog are still felt today, but it caused legislation to be passed in the attempt to clean up the air and keep it from ...
