Decoded the Novel follows the life of a boy named Jinzhen who is of genius mind. He comes from a lineage of geniuses. The writing is gripping from the outset- Mai Jia's use of language and indeed the translation, is eloquent and clear. Mathematical and other similarly other complex themes are explained with impressive proficiency.

Decoded (Chinese TV series) - Wikipedia
review 1: The best aspect of this novel is the translation. I can't comment on its accuracy, but the translator took a somewhat soulless work of fiction and presented it in elegant, flowing English.On the surface the book sounds irresistible: the story of a genius who becomes involved in advanced theoretical mathematics and then becomes the leading cryptologist for the Chinese government, with ...
