PixelScroll lists free Kindle eBooks every day that each includes their genre listing, synopsis, and cover. PixelScroll also lists all kinds of other free goodies like free music, videos, and apps.

Discrete Mathematics Demystified
Professor Krantz's research interests include harmonic analysis, partial differential equations, geometry, interpolation of operators, complex function theory, and real analysis. The author of 165 scholarly articles and 60 books, Krantz is the recipient of the Chauvenet Prize, the Beckenbach Book Award, and the UCLA Alumni Foundation Distinguished Teaching Award.

Krantz, Steven ...

Krantz asserts that if calculus is the heart of modern science, differential equations are the guts. Writing for those who already have a basic grasp of calculus, Krantz provides explanations, models, and examples that lead from differential equations to higher math concepts in a self-paced format.

Steven G. Krantz | Department of Mathematics and Statistics
In *Differential Equations Demystified*, award-winning math professor Steven Krantz provides an effective, anxiety-free method to get past common obstacles on the road to success in higher math and science. With *Differential Equations Demystified*, you master the subject one step at a time - at your own
