I will say that J.C. Owens does skirt consent. Gaven was lacking the cultural norms, completely blank on what was expected of him, yet he was 'given' to Vlar as a 'trainee' and the training including warming Vlar's bed as well as everything else that involves. And the ceremony to witness his 'belonging' to Vlar was in front of family witnesses.

I'm hoping his immaturity is a starting point for him to develop and grow later in the series. Also, I don't think there was nearly enough interaction between the two MCs. ... Draconian Measures is the third book in the Gaven series (I assume the last too) but is actually a prequel to the other two books. It can be read easily as a stand alone or in any combination with the two Gavin books. It tells the story of Vlar's parents -really Vlar's father and his partner- and their oft mentioned difficult courtship.
