The Diagnostic and Statistical Manual of Mental Disorders ...

DSM IV (Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition), published in 1994 was the last major revision of the DSM. It was the culmination of a six-year effort that involved over 1000 individuals and numerous professional organizations.

DSM History - psychiatry.org

The DSM-IV-TR (4th. ed.) contains specific codes allowing comparisons between the DSM and the ICD manuals, which may not systematically match because revisions are not simultaneously coordinated. Though recent editions of the DSM and ICD have become more similar due to collaborative agreements, each one contains information absent from the other.
