EASA Safety Information Bulletin
Hello! **DISCLAIMER:** I don't know a thing about helicopters, and if I'm posting in the right place of this forums. I was instructed to gather some initial general information about

running costs, reliability and dependability between Sikorsky S-92[1] and Leonardo AW101 VVIP.

Sikorsky S-92 - Simulator Profiles - FlightSafety.com ...

Geoff, that's a valid point about DH, and the same applies to the EC products too. If your SOPs continue to treat it as a rad-alt 'bug' then it doesn't seem to cause a problem, but may do other operators. I'm equally bemused as to why the S-92 shouts "Altitude, Altitude" at you when you pass the Rad-alt height bug!
