carbon solvent the following
formula, a creation of C.E
Harris, and dubbed "Ed's Red"**

works quite well. In fact many folks claim it is better than anything they've tried.

The Next Chapter: "Ed's Red" bore cleaner

I have read a lot about Ed's Red bore cleaner but never previously tried it, mainly because I didn't have access to any. It is a blend of Equal parts: Dexron II ATF (or IIe or III), K1 kerosene (for space heaters), Aliphatic (odorless) mineral spirits, Acetone. Note that there are some variations on this recipe....

"Ed's Red (ER)" Bore Cleaner:

1. Open the firearm action and ensure the bore is clear. Cleaning is most effective when done while the barrel is still warm to the touch from firing. Saturate a cotton patch with bore cleaner, wrap or impale on jag and push it through the bore from breech to muzzle.

Ed's Red Bore Cleaner by C.E. Harris. How to feature ...

We've done the messy work so you don't have to. Our pre-mixed solution duplicates Ed Harris' widely published recipe for home-mixed bore cleaner. Safe, effective formula works similar to the standard, military-issue bore

cleaner, Mil-C-372B. Wipes out plastic wad fouling, heavy leading, and caked-on carbon fouling.

**Ed's Red Formula -
Gunloads.com**

Ed' Red is great, I have used it for years. The acetone will take the paint off sights and can damage plastic, but as a bore cleaner it makes it more effective. However, since I powder coat my bullets I don't need a strong bore cleaner. I leave out the acetone and I add the optional lanolin to the mix.
