Course Description. Math 210 is the third and the final part of our standard three-semester calculus sequence. The distinct feature of this part of the course is its focus on the multi-dimensional analysis, as opposed to one-dimensional analysis that you learned in Math 180 (Calculus I) and Math 181 (Calculus II).

differentiating a function with the concept of integrating a function.. The first part of the theorem, sometimes called the first fundamental theorem of calculus, states that one of the antiderivatives (also called indefinite integral), say  $F$ , of some function  $f$  may be obtained as the integral of  $f$  with a variable bound ...
