Exhibition Halls Construction And Design

An exhibition centre is a central focus of a city's economic life, and in many cases a unique expression of its image. For this reason, as well as offering adequate space and infrastructure, it must make a strong, clearly recognizable architectural statement. Over the past couple of decades, new technology and globalization have transformed trade fairs: today they are not so much markets as ...

What is the exhibition hall design?_Heyoudisplay.com

Within the exhibition halls, room modules or mezzanines can be built in to the design. Such demarcation elements allow for an uninterrupted working area and lend structure to the hall building. There are essentially no limits on the configuration of your exhibition hall from the perspective of construction technique or architecture.
