Exodus: How Migration is Changing Our World (titled Exodus: Immigration and Multiculturalism in the 21st Century for its UK release) is a 2013 book by the development economist Paul Collier about the way migration affects migrants as well as the countries that send and receive the migrants, and the implications this has for development economics and the quest to end poverty.

Exodus: How Migration Is Changing Our World by Paul Collier

In fact, much of Exodus appears to be an argument with an oversimplified version of Exceptional People, which I co-authored with Ian Goldin and Meera Balarajan, and he is correct to caution against taking some of our arguments to an extreme (Goldin et al., 2011). Migration itself is not a solution to global inequality; it is a symptom of it.
